Data Type *

A	Alpha	Alphabetic, A-Z, a-z
N	Numeric Data	Integers only
AN	Alpha-Numeric Data	Alphabetic, Numeric and special characters
D	Decimal DATA	Integers followed by 2 decimal places

- In numeric and decimal values, leading and trailing zeroes are suppressed. See example above.
- Each field is delimited by a pipe (|).
- The description(s) never contains a pipe (|), but may contain any other character or punctuation.

California's Proposition 65

The Safe Drinking Water and Toxic Enforcement Act, as amended, requires businesses to inform individuals of potential exposure to certain chemicals identified by the State of California that may cause cancer, birth defects or reproductive effects.
