

Work like nobody's watching.

The revolutionary 3M™ Bright Screen Privacy Filter.

Unlike the dull, dark experience of other privacy filters, nanolouver technology powers a premium visual experience, perfectly balancing privacy, best-in-class brightness and exceptional clarity while blocking out side views.

It's the privacy filter that works incognito so you hardly know it's there, wherever you work.

Choose 3M™ COMPLY™
Flip Attach and/or
Adhesive Strips
to securely
attach

One of the most effective privacy filters is the one you don't even know is there.

Brightest privacy filter yet

Creates a premium privacy filter experience: perfect balance of vibrancy and privacy.

3M™ COMPLY™ Flip Attach

With up to 85% transmission of light, you may forget the 3M™ Bright Screen Privacy Filter is there!* But with our unique attachment options, you can lift your filter with ease.

Works everywhere

Whether in the office or on the go, 3M™ Bright Screen Privacy Filters help effortlessly keep your organization's screens private.

Up to **25%** brighter
than the standard
black privacy
filters*

*Claims based upon 3M laboratory testing.
