

HP & AMD empowering the way you work

HP recommends Windows 10 Pro for business.

POWERFUL PERFORMANCE

HP & AMD have a long and highly collaborative relationship, offering remarkably designed PCs with **leading processor technology**. By driving capability and performance, we are **delivering** long battery life **while offering a broad quality-tested portfolio**.

SECURITY & MANAGEABILITY

Security and manageability features from HP & AMD work together to create **an always-on, always-acting, resilient defense that is easily managed**. From the BIOS to the browser, above and below the OS, these constantly evolving, no-compromise solutions **allow for quick and easy integration into your environment**.

BUSINESS CONTINUITY

HP & AMD are committed to long-term **planned processor availability for deployment and image stability**, providing peace of mind to IT decision makers and unmatched business continuity.

UPGRADED EXPERIENCES

Broad adoption of HP & AMD PCs **helps extend IT budgets for better experiences**. Those savings can be applied to the purchase of additional features, such as HP Sure View or upgraded components like docks, displays, and other experiential features that **delight end users and IT alike**.

HP & AMD empowering the way you work

HP recommends Windows 10 Pro for business.

SUSTAINABILITY

AMD and Windows-based units are better for the environment. Speaker enclosure made from 50% recycled material, including ocean bound plastics. Backlit keyboard keycaps made from 50% recycled DVDs. Outer box packaging sustainably sourced, supplied by Forest Stewardship Council certified vendors and recyclable after use.

BATTERY LIFE

All day battery for an interruption free workflow. Get within 95% of the performance of AC level Performance, while on battery power. Beyond software changes mean switching to “better battery life” makes changes all the way down to the hardware level for even longer battery life options.

RELIABILITY

HP & AMD have worked together consistently for over 15 years and continue to strengthen our portfolio of solutions with gen-over-gen improvements in performance and reliability.

QUALITY

Broad adoption of HP & AMD PCs helps extend IT budgets for better experiences. Those savings can be applied to the purchase of additional features, such as HP Sure View or upgraded components like docks, displays, and other experiential features that delight end users and IT alike.

COMPATIBILITY

Series-agnostic chassis design means all AMD-based personal systems have complete compatibility with our robust Desktop Mini ecosystem and new Elite docking display

VALUE

AMD and Windows-based EliteDesks are more alike than you may think, except for the price tag. Saving on your PC enables you to further upgrade your experience.
