Empower Your Healthcare Clients with

ADVANCED HP SCANNING SOLUTIONS

As a trusted IT Reseller, you are uniquely positioned to address the complex document management challenges faced by healthcare workers. By offering advanced HP ScanJet solutions, you can provide your clients with the tools they need to enhance efficiency, secure patient data, and streamline critical workflows.

THE CHALLENGE
Modernizing Document Workflows

Healthcare providers work in a fast-paced environment where speed, accuracy, and security are critical. They need modern scanning technology that integrates seamlessly into systems for patient intake, records management, billing, and compliance.

THE SOLUTION

HP ScanJet Pro and Enterprise Flow Series

Equip your healthcare clients with HP's powerful scanning technology, engineered to meet the specific demands of their environment like the HP ScanJet Pro 4200 and the ScanJet Enterprise Flow 9000.

HP ScanJet Pro
4200 NETWORK SCANNER

IDEAL FOR
FRONT DESK PATIENT REGISTRATION, ADMINISTRATIVE OFFICES, AND SMALL CLINICS.

The ScanJet Pro 4200 is a versatile and compact solution designed for high-volume, fast-paced environments, providing the speed and reliability that healthcare staff needs.

KEY FEATURES FOR HEALTHCARE

High-Speed, Two-Sided Scanning
Capture entire documents quickly, scanning up to 40 pages or 80 images per minute to reduce patient wait times.

ID & Passport Scanning
Simplify patient intake with a dedicated card slot for easy scanning of IDs and insurance cards.

Robust Daily Duty Cycle
Built to handle up to 4,000 pages per day, ensuring dependable performance during peak hours.

Seamless Integration
Works with your clients' existing document management software and EMR/EHR systems.

Wireless & Network Flexibility
Connect via Wi-Fi, Ethernet, or USB for versatile placement options throughout a facility.

PARTNER BENEFIT
Offer a cost-effective, high-performance scanner that addresses the core needs of front-office healthcare operations, boosting client satisfaction and opening doors for recurring revenue.

HP ScanJet Enterprise Flow
9000 F1 FLATBED SCANNER

IDEAL FOR
CENTRALIZED RECORDS DEPARTMENTS, BILLING OFFICES, AND LARGE MEDICAL FACILITIES.

When performance and versatility at scale are required, the ScanJet Enterprise Flow 9000 delivers with an A3 flatbed scanner built for demanding workflows.

KEY FEATURES FOR HEALTHCARE

Wide-Format A3 Scanning
Digitize oversized documents, including medical charts, lab reports, and architectural plans on the flatbed.

Exceptional Speed & Capacity
Scan up to 100 pages or 200 images per minute with the 150-sheet automatic document feeder (ADF).

Advanced Security
Features like HP Wolf Enterprise Security help protect sensitive patient information and ensure HIPAA compliance.

Ultrasonic Multi-feed Detection
Guarantees every page is scanned correctly, preventing missed data in critical patient records.

Sustainability Leadership
Help your clients meet their environmental goals with an EPEAT® Gold and ENERGY STAR® certified device.

PARTNER BENEFIT
Position yourself as a strategic advisor by providing a powerful, enterprise-grade solution for complex back-office needs. The ScanJet 9000 reinforces your ability to solve high-stakes challenges for your largest healthcare clients.
