

# Lenovo & the K-12 Public Sector

*Education is the Foundation of a Better Future*

At Lenovo, our K-12 solutions are designed to create a world where ed tech tools are safe and secure, engaging and easy to use, and built for productivity wherever learning takes place.

Lenovo K-12 solutions keep IT productive, teachers inspired, and students engaged. From digital curriculum to classroom management, immersive learning to esports, our solutions are simple with built-in security — made for education and made to work together.

## Classroom VR

Lenovo's complete VR solution is designed specifically for middle schools and high schools. The solution includes a seamless combination of hardware, content, training, device management, and support

Core content software comes with diverse curriculum-mapped experiences, including STEM, virtual tours, and career exploration

### Lenovo Mirage VR 3S

- Lightweight, Wireless controller, can be worn over glasses, sanitizable components

### ThinkReality for School IT Administrators

- Deploy apps and content to headsets and manage device settings in bulk over the cloud

### LanSchool Air for Teachers

- Launch apps and content simultaneously on multiple headsets, and monitor student activity in the classroom.

## eGaming / eSports

Lenovo has everything you need to build a successful esports program

**Software Solutions:** partnered with **ggCircuit Suite** to offer solutions that manage/optimize your space, engage students and grow your program, allow students to find each other anywhere

**Services:** services help grow and support your program. Lenovo has financing options and 5-year warranty extensions

**Products:** Legion gaming products, Workstations, Gaming Servers, RESPAWN Furniture, Headsets and other Accessories.

**ggLeap:** provides a complete locked-down gaming environment that allows students to engage, build, and track their gaming community - from casual rec gaming to full on tournaments and leagues.

**ggAtHome:** provides services that enable students to belong to an esports program from anywhere

## Chromebooks/Windows Notebooks

*"Every Lenovo device built for Education is designed and tested to withstand the everyday rough handling"*

### EDU Chromebook

- 100e/300e/500e Chromebook Gen 3 (K-12)
- 14e Chromebook Gen2 (Teacher/Admin)

# Why Lenovo for K12 Public Sector

## Vision for Tomorrow

We're in this for the long term — solving your challenges today and working together to shape the future of education moving forward.

## Diverse Ecosystem

We're the top education PC provider in the world. And you get even broader solutions and more choice through our strong ties with tech giants and a leading lineup of ISVs.

## Lenovo Brand

All Lenovo education solutions have the strength of our global brand behind them — the quality, reliability, and tech innovation we're known for as a leader in digital security, remote management, worldwide services, and unrivaled support.

We foster a value system that supports environmental sustainability, social and community awareness, and ethical governance and compliance.

## End-to-End Solutions

Compatible hardware and integrated software mean easy deployment and management, especially for Windows 10 devices with the built-for-business Intel vPro® platform. End-to-end services mean a lighter load throughout the device lifecycle — all with one point of contact

## Industry Depth

20 years in ed tech gives us a deep understanding of use cases and the daily realities IT faces. It's a strong foundation to build your solutions on.

### DEVICES

Durable and remote management-ready.
