Lenovo

ThinkSmart View

COLLABORATE WITH THE FIRST-EVER MICROSOFT TEAMS DISPLAY

Build your remote home office or enhance executive suites and conference rooms with the ThinkSmart View from Lenovo. As the first-ever Microsoft Teams display, ThinkSmart View acts as an administrative companion to the PC so that users can be both fully productive and collaborative at the same time. This truly innovative device features an ambient touchscreen, the familiar Cortana* voice-activated smart assistant, plus expanded functionality and features thanks to updates in Microsoft Teams software.

IDEAL ROOM SIZE

Small to medium offices

DISPLAY

8" HD (1280x800, 16:9)
WVA touchscreen

CAMERA

5MP 720p wide-angle
with privacy shutter

AUDIO

1.75" 10W full-range speakers
2x 360-degree microphone

INTELLIGENT COLLABORATION

No need to stop work on your PC to take a meeting. Easily chat, access your calendar and files, join video meetings and calls, and initiate other activities using this all-in-one Microsoft Teams display.

FULLY PRODUCTIVE

Get more out of the workday. Rely on the ambient display to provide important alerts and notifications from your team while Cortana's hands-free voice assistance* maximizes multitasking.

ENTERPRISE SECURITY

Trust that your ThinkSmart View is secure whether in use or at rest. Secure sign-in with 4-digit PIN, enterprise-grade call security, plus a mute button and camera shutter for privacy ensure that users can work with confidence.

OPTIONAL SERVICES

Lenovo's optional Smart Office Professional Services offers personalized, end-to-end support to help you make the most of your ThinkSmart technology investment, from deployment to maintenance.

No matter where your meetings take place, Lenovo ThinkSmart technology brings teams together for better communication and collaboration.

SMARTER MEETINGS START WITH THINKSMART.
