# DIRECT VIEW LED

- Huge 108", 135", 163" and 216" screen sizes that are easy to install and easy to calibrate, these displays deliver a cost-effective, all-in-one video wall solution.
- With the ViewSonic EMBEDDED Signage Platform (VESP), there is no need for any external devices to communicate with the server or play digital media. Photo and video files can be played back using the embedded media player and internal memory.
- Multiple pre-assembled and pre-calibrated panels eliminate the need for a complicated setup process — all you need to do is turn on the display. Installation requires two persons and can be done within 2 hours, saving time and labor cost.
- With 120% Rec. 709 color accuracy, an ultra-fast 3,840Hz refresh rate, high brightness and a greater contrast ratio, these displays deliver jaw-dropping, lifelike color and stunning images.
