Cultivate the ideal meeting or conference room with a fine pixel-pitch direct-view LED offering a seamless viewing experience in a 21:9 aspect ratio. Featuring a Microsoft Teams Room experience and bright and vibrant color visualization.

Partners: B-Tech AV, Jabra

Education | EA271F-BK | PE456USL | PN-LC752 | NaViSet Server

Keep students' attention with interactive software, NEC displays, projectors and Sharp AQUOS BOARD®. Teachers can create an engaging classroom that encourages collaboration and active learning while utilizing the latest display technology. Allow administrators and IT staff the management and control they need with NaViSet Server Edition.

Partners: Chief, Da-Lite, Intel, SMS

Situational Awareness | (2) E274FL-BK | UN462A-TMX9P

This command center uses Hiperwall software and NEC displays to ensure that employees can stay well-informed of realtime conditions so they can react to situations quickly and effectively. Large desktop displays surround operators with critical information while the easy-to-maintain video wall provides an overview of important data.

Partners: Hiperwall, Intel, Peerless-AV, Vaddio, Winsted

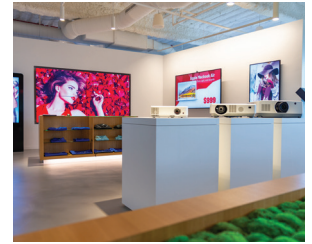

Briefing Center Facts

Retail | MA431-PT | M551-MPI | M751 | UN552S-TMX4P | Peerless Kiosks

Draw customers into the retail space with eye-catching content from The CSI Group and NEC displays. Promote your brand with ads on the video wall and signage displays. Use the interactive kiosk to learn more about a product or prompt a relevant ad with Pick N Watch.

Partners: CSI, Intel, Peerless-AV, Pick N Watch, Screenly

Static Projectors: ME403U | PA804UL | P627UL

Transportation | (2) P495-PC5 | P555-PC5

Feel like you're ready to take-off on your next adventure. Large format displays illustrate an airport environment showing arrival, departure and gate information in an airport setting. Turn the corner, and stop in at the duty free shop and see their latest promotions. Continue on to order your meal before taking flight.

Partners: Peerless-AV

Healthcare | EA271Q-BK | M551

Technology can help healthcare organizations deliver better care at lower cost. With the rise of telemedicine applications, users can video conference with doctors in another room or physician's office or communicate between nurse's stations and hospital rooms. In addition, MediSign software integrated with the large display in this solution allows hospital staff to digitally show patients their care information, or can be placed in the nurse's station to show the status of patient rooms.

Partners: MediSign, Peerless-AV

Corporate - Large Conference Room Area | M981

Initiate a productive meeting with the right technology. A 98-inch large format display in a corporate boardroom can display the material clearly to get everyone on the same page, or be used as a video conferencing display.

Partners: Cisco, Crestron, Peerless-AV, QSC

Corporate - Huddle Room Area | 4W-B55FT5U

Collaborate with ease in this huddle room. Use the interactive capability of the Sharp AQUOS BOARD® to collaborate or integrate the flexibility of the display to use any video conference technology to expand the conversations to others inside or outside of the building.

Partners: Chief, Logitech

Corporate - Lobby Area | LED-FA019i2-165 - 1.9mm Pixel Pitch Full HD dvLED Kit

First impressions are worth a thousand words. A 165" seamless dvLED video wall captures guest's attention as they enter into the space and provides a canvas for showcasing your brand.
