- Core skills training such as PowerShell, C#, Windows, Linux and more!

Interact with Experts

- Live Expert Talks
- Interact in Community
- Ask Questions – Get Answers!

On-Demand Courses

- 100s of on-demand courses
- Microsoft Cloud
 - Full certification path for Microsoft Azure and Microsoft 365
 - Beyond certification with a broad set of learning paths from beginner to advanced
- Foundational Technologies
 - Windows
 - Linux
 - SQL Server
 - .NET

Our Most Popular Learning Paths

A graphic showing five Azure certification paths. Each path is represented by a shield icon with the Microsoft Certified logo, the certification name, and the exam code. The paths are: AZ-104 (Associate Azure Administrator), AZ-204 (Associate Azure Developer), AZ-300 (Expert Azure Solutions Architect), AZ-400 (Expert Azure DevOps Engineer), and AZ-500 (Associate Azure Security Engineer).

Exam Code	Certification Level	Full Name
AZ-104	Associate	Microsoft Azure Administrator
AZ-204	Associate	Developing Solutions for Microsoft Azure
AZ-300	Expert	Microsoft Azure Solutions Architect
AZ-400	Expert	Microsoft Azure DevOps Solutions
AZ-500	Associate	Microsoft Azure Security Technologies

Our Most Popular Learning Paths

A graphic showing six Microsoft 365 certification paths. Each path is represented by a shield icon with the Microsoft Certified logo, the certification name, and the exam code. The paths are: MD-101 (Associate Modern Desktop Administrator), MS-100 (Expert Microsoft 365 Identity and Services), MS-101 (Expert Microsoft 365 Mobility and Security), MS-300 (Associate Deploying Microsoft 365 Teamwork), MS-500 (Associate Microsoft 365 Security Administration), and MS-900 (Associate Microsoft 365 Fundamentals).

Exam Code	Certification Level	Full Name
MD-101	Associate	Managing Modern Desktops
MS-100	Expert	Microsoft 365 Identity and Services
MS-101	Expert	Microsoft 365 Mobility and Security
MS-300	Associate	Deploying Microsoft 365 Teamwork
MS-500	Associate	Microsoft 365 Security Administration
MS-900	Associate	Microsoft 365 Fundamentals

Real Time Labs

- Live Lab Environments for Microsoft Azure and Microsoft 365
- Step-by-step guides from beginner to advanced
- Challenge based labs where participants earn a badge

Live Expert Talks

- Industry recognized experts that deliver technical sessions every week on bleeding edge technologies, cloud strategies, interviews, exam crams and much more

Interact with the Skill Me UP Community on Teams

- Join the Skill Me UP Community
- Join Live Sessions
- Ask questions of your instructors and interact with other students
- No Teams license required!

Managing Skill Me UP

Users

- ✓ Simple interface to invite your users
- ✓ Organize users into multiple teams for easier management
- ✓ Re-assignable licenses; bring different student in every quarter

Learning

- ✓ Assign learning tasks with due dates to drive training readiness
- ✓ Leverage our existing learning paths or create your own

Reporting

- ✓ Identify which users have accepted and are using the platform to optimized your licenses
- ✓ Identify what courses and labs are popular with your users.
- ✓ Track progress of learning activities for all users in your subscription
