

# PLAY TO LEARN. LEARN TO WIN.

Logitech G solutions for  
education and esports

logitech™

# BORN TO WIN

It began in 1981 with a singular vision: Create memorable experiences in a digital world. From the forests of Lausanne, Switzerland all the way to Silicon Valley, Logitech has pioneered a legacy of industry firsts—from the first cordless mouse in 1984 to the thumb-trackball, laser mouse, and more.

From work to play and beyond, Logitech continues our legacy of industry firsts that has expanded into an entire family of brands.

**LOGITECH G**  
**IS FOR**  
**THE PLAYERS**

**The passionate explorers,  
Pushing forward  
Through challenges.  
Defying expectations.  
Driven by the spirit of play,  
And the determination  
To find what's next.**

# CLASS IS IN SESSION

The right peripherals can make learning more accessible, fun, and engaging. And when combined with the rising popularity of esports in schools, the need for reliable and high-performance devices becomes an absolute essential in every classroom and computer lab.

## MORE ENGAGING

Like traditional extracurricular activities, esports positions students for success, engaging them with their education.

## MORE INCLUSIVE

Whether it's for class, clubs, or competition, esports welcomes players of every background, every age, and every identity.

## MORE SKILLS

Gaming is a social experience that teaches invaluable life skills: Collaboration, strategic thinking, emotional intelligence, and creativity.

## MORE LEARNING

Students in esports are far more likely to be interested in STEM subjects (science, technology, engineering, and math).

## MORE OPPORTUNITY

The real win is exposing students to potential career paths like game design, marketing, management, and more.

# BUILT WITHOUT LIMITS

The innovative and award-winning Logitech G portfolio is purpose-built for the world's most passionate players, wherever they learn, and however they play, from pitch-perfect headsets to lightning-fast keyboards and mice.

## DURABLE

Whatever students can dish out, Logitech G devices can take it. Drop them. Bend them. Scratch them. Our portfolio is ready for every victory, every defeat, every time.

## DESIGN

Play without reservations. These devices undergo countless hours of engineering, testing, and refinement before they reach the arena or lab.

## CUSTOMIZABLE

Turn gaming into another form of self-expression with products that let students tailor their gear to their precise playing setups, preferred visual settings, or even match their team's color scheme.

BJERGSEN

"It helps me be as precise and confident as I need to be so we can win. I used to think wireless was too slow for gaming, but now I am on the world stage completely confident in the performance of my Logitech G LIGHTSPEED wireless mouse."

PRIMARY EDUCATION / K12

# PREPARE FOR LAUNCH

Lay the groundwork for a potential lifetime of gaming memories by giving your players and teams what they need to train and win.

---

## PRO TIPS

Schedule playing time after school when your students can focus and more Internet bandwidth is available.

Empower students by delegating decision-making to them. Let them research what they need for their preferred games and report back.

Ensure your gaming space is separate from other shared computer resources, making it easier to manage and monitor.

## WIRED

### G213 PRODIGY

Gaming-grade performance with Mech-Dome keys, spill-resistant and durable, and LIGHTSYNC RGB

● **Black**  
920-008083

### G203 LIGHTSYNC

Classic 6-button design, gaming-grade sensor with 8,000 max DPI and LIGHTSYNC RGB

● **White** 910-005791    ○ **Blue** 910-005792  
● **Black** 910-005790    ○ **Lilac** 910-005851

### G335 Headset

Multi-platform compatibility, comfortable suspension headband, and lightweight at 0.52 pounds

○ **Mint** 981-001023    ● **White** 981-001017  
● **Black** 981-000977

## WIRELESS

### G613 LIGHTSPEED

Durability up to 70 million clicks, LIGHTSPEED or Bluetooth® enabled, battery life up to 18 months

● **Black**  
920-008386

### G305 LIGHTSPEED

Lightning-quick response time, durable design, and up to 250 hours on a single AA battery

● **White** 910-005289    ○ **Lilac** 910-006020  
● **Black** 910-005280    ○ **KDA** 910-006051  
○ **Blue** 910-006012    ○ **Mint** 910-006376

### G435 Headset

Eco-friendly design that's optimized for smaller heads and up to 18 hours of play time

○ **Off-White and Lilac** 981-001073    ○ **Black and Neon Yellow** 981-001049  
○ **Blue and Raspberry** 981-001061

## LEVEL ONE

**Keyboard**  
Wired: G213  
Wireless: G613

No matter the game, no matter the skill level, you need a reliable keyboard to connect to all the action.

## LEVEL TWO

**Keyboard + Mouse**  
Wired: G213 + G203  
Wireless: G613 + G305

Amp up their performance with the addition of an agile and responsive mouse that also matches their personality.

## LEVEL THREE

**Keyboard + Mouse + Headset**  
Wired: G213 + G203 + G335  
Wireless: G613 + G305 + G435

Fully immerse your students in the game with a complete package of gear that leaves no detail to chance.

## UNIVERSITY / COLLEGIATE

# DEVELOP A DYNASTY

At the next level, student gamers need every advantage at their disposal to compete with more experienced players and higher stakes.

## PRO TIPS

Specify whether you're running a varsity or a student-run organization. Each comes with its own challenges and facility needs.

Attracting players may take a little creativity—or a convincing offer. Try promoting your program with targeted marketing or recruiting top-tier talent with scholarships and other financial aid opportunities.

Brush up on eligibility rules. Much like the NCAA, organizations like the National Association of Collegiate Esports (NACE) and CSL Esports require specific guidelines for competition.

## WIRED

### G815 LIGHTSYNC

High-performance low-profile GL Mechanical gaming switches, ultra-thin at 22mm height and LIGHTSYNC RGB

- **Black English Tactile**  
920-008984
- **Black English Clicky**  
920-009087
- **Black English Linear**  
920-009000

### G502 HERO

Competition-level sensor up to 25,600 DPI, 11 fully programmable buttons, and repositionable weight options

920-009103
- **Black English Linear**  
920-008954

### G502 LIGHTSPEED

Battery life up to 60 hours, 25,600 DPI, 1 ms response rate, and ultralightweight\*

- **Black**  
910-005565

\*POWERPLAY capable. Available in select regions.

### G733 Headset

Comfortable, dual-layer memory foam, ultralight-weight, and immersive, next-gen DTS Headphone:X 2.0 surround sound

- **Blue**  
981-000942
- **White**  
981-000882
- **KDA**  
981-000989
- **Black**  
981-000863
- **Lilac**  
981-000889

## LEVEL ONE

**Keyboard**  
Wired: G815  
Wireless: G915

Whether studying organic chemistry or planning the next grudge match, gamers need versatility at their fingertips.

## LEVEL TWO

**Keyboard + Mouse**  
Wired: G815 + G502 HERO  
Wireless: G915 + G502 LIGHTSPEED

Stock your lab with a one-two punch: advanced mechanical switches and fully programmable buttons.

## LEVEL THREE

**Keyboard + Mouse + Headset**  
Wired: G815 + G502 HERO + G635  
Wireless: G915 + G502 LIGHTSPEED + G733

See. React. Dominate. Make split-second reactions and stay in crystal-clear communication with teams and fans.

PRO

# CREATE YOUR LEGEND

When you reach the top of the mountain, there's only room for the best. With Logitech G Pro X peripherals, teams have what they need to stay above the competition.

## ALL GEARED UP

For Logitech G players Anne Muniton and DrLupo, ordinary never makes the cut. That's why they prefer gear that gives them the upper hand in games and streaming.

"I've used their stuff for forever. The products they put out are fantastic."

Scan the codes below to hear their gear

"I've been super impressed with their dedication to next-gen, quality, professional gaming equipment."

## LEVEL ONE

Keyboard + Mouse  
Wired: PRO X + PRO  
Wireless: G915 TKL +  
PRO X SUPERLIGHT

Be lighter, faster, and stronger than other student gamers using the most popular tech in the industry.

## WIRED

### PRO X

Swappable pro-grade switches, 12 programmable F-Key Macros, TKL design for extra mouse movement, and LIGHTSYNC RGB

- **Black Tactile**
