SecuriSync®
by Intermedia

Grow profits with one secure solution for
file management: backup, mobile access,
file sharing and collaboration,
full administrative control.

| Real-time backup with point-in-time restore | Easy and secure file sharing and collaboration | Mobile access to files from any device | Quick recovery from ransomware and other data loss events | Full management and control over data, users, and devices |

SecuriSync helps you secure and manage your customers' critical business data. SecuriSync enhances traditional file sync and share by adding real-time backup and restore capabilities. It integrates with Exchange, Office 365, Outlook, Office and existing file servers and is backed by Intermedia's 99.999% uptime SLA. It provides your customers' employees with an easy-to-use, secure way to access and collaborate on files from any device.

For resellers, SecuriSync offers a feature-rich service providing many additional revenue opportunities. It streamlines multiple file management solutions into one, simplifying management and costs.

SecuriSync Combines Multiple File Management Solutions into One

Securely Access Content from Any Device

+

Support Secure, Fast Collaboration Across the Company

+

Quickly Recover from Data Loss Events with Real-Time Backup and Restore

SecuriSync Features For End Users

ACCESS TO THE MOST CURRENT VERSIONS OF FILES, WHEREVER THEY'RE NEEDED:

- Files are synced and backed up as soon as a document is modified
- Sync and backup files on Desktop and in Documents, Music, Pictures, Videos and Downloads folders
- Works across Windows®, Mac®, iPhone, iPad, Android, Windows Phone, and BlackBerry devices
- Automatic mobile backup of photos and videos for iOSand Android
- View, create and edit files directly from SecuriSync web*
- Changes made offline are updated as soon as users reconnect

SPEEDS WORK FLOW WITH EASY AND INTUITIVE FILE AND FOLDER SHARING:

- Share files and folders with co-workers and colleagues inside the company as well as with vendors, business partners and customers
- Manage access to folders with flexible, adjustable permission levels
- Co-edit files in real-time with multiple collaborators*
- Replace large email attachments with secure links with the SecuriSync Outlook plug-in
- Manage sharing, collaboration, and versions directly from Word, Excel®, and PowerPoint® with the SecuriSync Office plug-in.

SecuriSync Features For IT Administrators

FACILITATE COLLABORATION WITHOUT LOSING CONTROL:

- Manage users, devices, settings, policies, and storage through the Partner Portal
- Get full access to end user content, adjust sharing permissions, and manage files and folders with Admin File Management
- Remotely wipe SecuriSync data from any device, helping to reduce risk of data breaches in the case of lost, stolen or decommissioned devices
- Use File Server Sync to mobilize file server files

COMPREHENSIVE PROTECTION OF CRITICAL BUSINESS DATA:

- Automatic backup of desktop and mobile files helps close gaps presented by other file management solutions
- Use mass restore to quickly roll back to previous versions of a file, folder or multiple folders
- Significantly reduce downtime from ransomware attacks, lost or stolen devices, hardware failure, or accidental file deletions
- Files are secured with at-rest and in-transit data encryption and further protected with a unique encryption key for each customer's account
- Automatic backup of desktop and mobile files helps close gaps presented by other file management solutions

Why sell SecuriSync?

- Replace multiple file management solutions with one, for a fraction of the cost
- Integrates with Exchange, Active Directory, Outlook, Office, and Office 365
- Available as a standalone service and included with all Intermedia Office in the Cloud™ plans
- 99.999% financially backed SLA
- Facilitates compliance with HIPAA, FINRA and other industry regulations
- Gray label offering lets resellers own pricing, margins, and the complete customer experience
- Intermedia supports resellers throughout the customer life cycle with marketing and sales support, onboarding assistance, and 24x7 technical support
